

"To the L & N"

92505 AD

⊙ (our night @ the Band B)

I never will forget the day
and the special place I'd been.
a splendid bed & breakfast
by the name of "J & N."

⊙ I first met Mary Elizabeth
and then her husband Norris.
She made us feel so welcome
then he did some magic for us.

The rooms were oh so comfortable
and the breakfast quite superb
surrounded by our history
the roses and hummingbird birds.

it took a special key you know
to get into our room.
the thing about the key you see
was it was hooked onto a spoon!

and do not miss the coffee table
so full of memorabilia
of the past and even pasteur
like a 110 piece orchestra.

and lastly there were finger fires
and bedrooms filled with Mary's smiles
and if this all isn't quite enough
I only had to travel
thirty miles!
♥

to the priests,
our gratitude
and affection,
Lana &
Missy
